**Please take the time to thoroughly read through all the documents included on this WEB SITE, as it contains important information regarding the various registration procedures, responsibilities involved in Home Education, policies, curriculum ordering, price structures, etc !!!**

According to the Western Cape Education Department and **AEE every home school is required to be hosted for the purpose of assistance and quality control.** You have the choice between us, (**the WESTERN CAPE HOME EDUCATORS ACADEMY**), An ACE Silver Status School (independent school) or another HOME EDUCATORS ACADEMY. This is a **once off** fee and includes training of either the Father or Mother, in order to equip them to practise Home Education effectively. (see # on Training). Should both parents decide to do the Training Course, or the parent and the Tutor do the course together, an extra R1 000 per person attending will be charged for the Training Course. (The responsible parent must always complete the Training Course with the Tutor should a Tutor be chosen to home school the student/students.)

The WCHEA is registered with Accelerated Education Enterprises as a Home Educators Academy, and the Principal, Mr. Axel van de Griendt, is accredited with the ETDP SETA (Education, Training and Development Practices Sector) as an official and accredited Assessor to conduct the Assessment of Outcomes Based Education.

*Names of persons attending the Training Course need to be confirmed with us before the time for planning purposes please.*

Should your registration be approved by *AEE Enterprises*, **the abovementioned Starter Kit will be delivered to the office of the WCHEA and will be given to you at an officially scheduled training course mentioned later on in this Infoletter.**

### **4. Registration with the Western Cape Education Department (WCED)**

Currently legislation (Article 51 of the SA Schools Act of 1996) requires that any school (including home schools) be registered with the relevant Edu. Department, in this case, **the Western Cape Education Department**. The AEE Standard Service Agreement states that AEE will however provide material and services to a home school whether it fulfils this responsibility to register with the WCED or not. Please note

that this does not absolve the parent from the legal responsibility to comply with the law. After your registration with the **WCED**, we offer support with regards to all matters of home education relating to the Western Cape Education Department. (see # Enrolment). Once you receive a certificate from the WCED, indicating that your h/s

is registered with them, you must immediately send a copy of it to the Western Cape Home Educators Academy at the address above and to the ACE Ministries National Office at PO Box 4022, Glenashley, 4022.

### **5. Pre-school Programme**

AEE offers the Pre-school with Ace and Christi Programme. Pre-school with Ace and Christi has step-by-step instructions that are easy to follow. This programme perfectly complements the ABC's with Ace and Christi Learning-to-Read Programme (Gr. 1) and helps to develop the skills necessary before a child begins the learning to read programme (Gr. 1). The Pre School programme includes Bible stories, Scripture memory, Christian character traits, 2000 activity pages and more. The programme consists of **four** Manuals (one per quarter) which **may be hired (if available)** for R 400 per quarter/manual. (Wall cards, CD's and PACEs/student work books excluded). Should this set of manuals not be available from the WCHEA, it must be ordered through this Academy from the AEE Warehouse in Durban. (Price available on request.) Wall cards, CD's, PACEs (student workbooks) etc. must be ordered additionally to the quarterly manuals.

### **6. ABC's Programme**

The ABC's with Ace and Christi Learning-to-Read Programme is used during the first 12-15 weeks of **grade one**. This programme has **two** daily instructional Manuals for the Supervisor (parent) to follow. (One for every approx.6 weeks.) The ABC's programme uses phonics in teaching the child to read. It is structured for spiritual, physical and academic development. These two Manuals **may be hired (if available)** for R400 each per quarter/manual. (Wall cards, CD's, PACEs/student workbooks, etc. excluded. These should be ordered additionally to the manuals). Should this set of manuals not be available from the WCHEA, it must be ordered through this Academy from the AEE Warehouse in Durban. (Price available on request.)

### **7. Diagnostic Testing** (Only for **students above Gr. 1**, and **not currently on the ACE program**)

These students will need to be tested diagnostically using the ACE (*School of Tomorrow*) testing material to see at what level they are ready to begin academic work. These tests will also reveal any learning gaps that the student may have. Because these learning gaps are to be completed before a student may continue at his/her level, **we do not recommend that students are introduced to the programme if they are beyond Grade 8**. There are, of course, exceptions to this rule. These tests are to be administered in Math, English, Social Studies/Science (Reading), Word Building and Afrikaans, and cost approximately R 700 for the entire set. **These diag. tests are also available online where they are free of charge**. A link to the Online Diag. Tests is provided on the left hand side of the Home page on this web site. Please note that the online test does not assess some of the topics in Maths that form part of the CAPS curriculum.

### **8. Training**

A Training Course is specially tailored for Home Educators and is offered during each school holiday **in Ceres - over a two day period**, with preliminary work to be completed. The training is compulsory for the parent that will be responsible for home schooling, and also for the Tutor, if such a person is appointed. The Training Course must be completed before official home schooling can commence. No refund is made should the training not be attended. If a parent or tutor has previously completed the ACE Supervisor's or Monitor's Training, certification to this regard must be presented to the Academy, in which case the attendance of day 1 of this Home Educators Training Course may be negotiated.

### **9. Quarterly Home Educator's Days / Regional Meetings**

AEE schedules quarterly regional meetings, for all Educators, throughout all the Provinces of S.A. These meetings **may** be attended by Home School Parents, although specific **Home Educators Days are organised each quarter by our Academy (the WCHEA), in 4 regions of the Western Cape, which we encourage parents to attend**. At the Home Educators Days, we take into account the specific needs of the home schooling parents/students. These meetings serve to inform the home school of any new materials and procedures which *AEE* may have implemented or developed, and often serve as training sessions or discussion groups/workshops for parents.

Parents and children appreciate this day of interaction and fellowship. You will be notified about these Home Educators days on our WCHEA Communicator. Please note that **attendance of all of these Home Educators Days is compulsory for each Home School and will always be within the last week of the 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> school quarter**.

### **10. Educators Convention**

These conventions are scheduled **annually by the AEE OFFICE, and are held within the first quarter, normally during the month of March.** They are attended by **all educators (both home school and school)** involved in the ACE (*School of Tomorrow*) programme. It is a time for refreshing and reviving ideas and a time for encouraging educators in the continuing of educational excellence. **Home Educators should plan well ahead to attend this event.** You will need to register with the AEE National Office for this event annually.

### **11. Communication**

AEE sends out a 4 monthly magazine called "**The Accelerator**". This magazine will keep you informed as to the latest developments and happenings with regard to the ACE (*School of Tomorrow*) programme and other products provided by AEE. You will also be updated via the WCHEA D6 Communicator to keep you on par with important matters within the Western Cape Home Educators Academy, the Western Cape Education Department and any other related matters.

### **12. Host Fees**

The **WCHEA** will serve as your host Academy, and will therefore be responsible for all academic **quarterly assessments at your home, annual moderations, H/Edu. Days, training, e-mail, telephonic correspondence, etc.** You will be advised of these quarterly appointments on the WCHEA D6 Communicator. We will also invoice you per school **quarter** for a Host fee, (**which already includes travelling expenses to your home etc.**) These fees are scheduled as follows: 1 child - R 1 100, 2 children - R1 660, 3 children – R2 075, 4 children - R2 425, 5 children - R2 745.

**Including PACEs (Student Work Books) and other materials** which could amount to approx. R650/child/month, this would bring your total **monthly** running costs to approximately R970 for the first child. (+/\_ R2 900 per school **quarter**). The **quarterly** host fee amount for families with more children will not be double as per 1 student, as travelling expenses are only invoiced once per family and maintenance fees for more children are thus less per student. (As seen in price structure above.) Parents are invoiced for every school **quarter** and accounts are charged with an extra R50 per family, which will be credited to your account if you settle the account before the end of the first month of the given quarter. Should accounts not be settled before the end of the first month of the given quarter, the R50 will not be credited and will therefore become part of the amount to be paid for that given school quarter.

### **13. Curriculum Orders**

You are able to order **PACEs (student work books), and score keys (answer booklets), DVD's, CD's, literature books, etc. through the W.C.H.E.A.** as per your requirement. The costs per PACE and KEY (Effective from 1 March 2020 – 28 Feb 2021) are between R59,61 and R74,79 (incl. VAT) **each**, depending on the student's grade level and the subject chosen. The WCHEA then orders the required curriculum from the AEE Warehouse in Durban. **Score Keys (Answer booklets) etc. may be rented from the WCHEA if available**, at R 20.00 per key and Literature books / DVD's at R50 per book / R100 per DVD where the whole Grade level is covered by one DVD. Should the score keys or Literature books / DVD's not be available from the WCHEA, they will be ordered at the relevant prices from the AEE Warehouse in Durban and you will be invoiced the full price as mentioned above as these items will become your property.

There are **12 PACEs per subject per grade level, normally in seven core subjects.**

Purchases are made from us (the WCHEA) on a cash-before-ordering basis and details on ordering procedures are given at the Training Course. The WCHEA will order from the AEE Warehouse in Durban twice every month. You will be advised of these ordering dates via the WCHEA D6 Communicator. You will therefore have to ensure that your order reaches the office of the WCHEA **before 12h00** on these specified ordering dates.

**Orders must be placed via the free School Manage program developed for this purpose. This program must be downloaded from the link on the W.C.H.E.A. D6 Communicator (during the Training Course), and the "School info" and the "Student file" which you will receive from ACE and the WCHEA, must be saved into the School Manage folder on your computer to activate this free program. (Illustrated and explained during the Training Course).**

**Please note that only home schools whose Host Fees are not in arrears may order through our Academy. Home Schools can not place Orders directly with the AEE Warehouse.**
